

Seung Yoo

Visual / Product Designer

seungmyoo525@gmail.com [Linkedin](#) / [Portfolio](#)

ABOUT

Based in San Francisco and a community builder of Tech Women's Meetup. Experience in the education and design industry for years. Recently learned Frontend development to understand code and noticed I love design more than anything else. Currently, I'm exploring Product Design and am passionate about cultivating positive UX/ UI. Make it a creative way to solve real-world problems.

EXPERIENCE

Product Designer - Compass (SFUSD School management Platform) / GroupFive (Startup) 2023

- Designed mockups and Hi-fidelity for the web application and collaborate with engineers.
- Made design Flow, Components, variants and Design System.
